VOL. LXI. No. 34. REDWOOD CITY, CALIFORNIA, SATURDAY, NOVEMBER 19, 1921. ESTABLISHED 1859

WOMEN IN MAJORITY IN NEW GRAND JURY TO MEET NOV. 30

County Affairs Will Be Closely Examined and Housecleaning Done If Needed

Women will be in control of the new grand jury. According to the drawing made in response to an order of the superior court the drawing was held on November 16, the result being that more names of women came out of the box than of men. They are all to appear in the court room on November 30 to begin an examnation into affairs of the county. If any housecleaning is necessary it is a safe bet that the new grand jury will go to it in truly feminine style and make a thorough job of it. They will take up the bootlegging and other questions and see to it that proper and effective steps are taken to make affairs in the county right. The complete list as announced after the drawing is made up as follows:

A. Sturla.
Edward E. Lydon.
Lena Geft.
Ella H. Pipkin.
Clara Biebel.
H. C. McNulty.
C. Muessdorfer.
M. J. Conway.
J. J. Reynolds.
Angel Stampanoni.
Eleanor Holston.
Ellen H. Bell.
Margaret C. Mowwe.
Mabel Slenger.
Lela Campbell.
J. L. Kent.
Adaigesa Boitano.
Katheryn T. Killelea.
Harry W. Dessin.
Sadie A. Quinn.
Bertie L. Hynding.
W. J. Murray.
Josie H. Reardon.
Thomas E. Demming.
Olga H. Chilcott.
Jennie Ross.
Mary E. Winter.
E. T. Thompson.
Eugenia Belli.

REQUEST TO SMIRCH IS REFUSED

"He that is without sin among you, let him cast the first stone."

These words were spoken by the Savior of mankind nearly two thousand years ago and they have reverberated through the centuries ever since; but the lesson taught by the sacred words has not always been followed by men and women, particularly by some people of this day and generation.

As a demonstration of this it may be stated that this office during the week received a communication from San Francisco signed by a woman, who asked this paper to publish a story concerning an unfortunate woman who at one time was a resident of the peninsula and after having here deserted the straight and narrow path. A short time ago she was sent to San Qeuntin from a southern county, having been convicted of manslaughter for the killing of her husband. This woman in sending the communication would have us give a full account of the sordid life of an unfortunate woman. No doubt the purpose of the communication was to "get even" with some relatives of the prisoner, who live in the exclusive residential district of the county. If this was the purpose, it failed.

The editor of this paper knew the story well and could have written columns about it, but could see no good purpose in giving publicity to it. Such action would only add to the sufferings and heartaches of the relatives who had no part in the wrong doing of a woman who had strayed from the path of rectitude. Why add to their sorrows? Yet this San Francisco busybody would have us open up the whole sordid story and tell of the crimes of the woman who will now spend her remaining days behind prison bars.

Many people now living in Redwood City knew the unfortunate in the days of her youth and beauty, when she was pure and innocent, before she trod the downward path and before she met the man who accomplished her ruin. Let the person who wrote the communication ponder these sacred words: "He that is without sin among you, let him cast the first stone."

CROCKETT ESTATE INVENTORY

H. C. Tuchsen, inheritance tax appraiser of the estate of Caroline M. Crockett, deceased, has filed his inventory and appraisement. The total value of the estate is placed at $70,138.24. It consists wholly of stocks in various corporations, stocks and bonds.

DISTRICT MEETING FRATERNAL AID UNION

The semi-annual district meeting of the Fraternal Aid Union was held in Foresters' Hall, Redwood City, last Saturday. The worthy district president, Agnes M. Pinn, presided. Roll call found all officers in their chairs and ready for business.

Brother S. L. Kern from Los Angeles, manager of the western division; Brothed Peck fro Los Angeles, Brother Walter Conner, president of Melrose lodge, San Jose; Sister Anna Anderson, vice president of Melrose lodge, San Jose, and Sister Burkhart, president of Palo Alto lodge, were escorted by the guide and captain to seats on the right and left of the worthy president. The delegates and visitors gave the officers the grand honors.

The usual amount of business was transacted before the noon hour, at which time the assembly adjourned for lunch. The banquet hall was the scene of a merry crowd of hungry Fraternal Aiders. The tables fairly groaned when the picnic lunch was spread—coffee ,tea, sugar and cream were furnished by the Redwood City lodge.

At 1:30 p. m. the meeting was called to order and a lively and interesting business meeting was held. The election of officers resulted as follows: Sister Roache, San Francisco lodge, district president; Sister Pinn, San Jose lodge, past president; Sister Anderson, Melrose lodge, San Jose, vice president; Sister Stella Wolf, Bella Vista lodge, Gilroy, chaplain; Sister Anna Hoehler, Melrose lodge, San Jose, secretary; Brother Trousdell, San Jose lodge, treasurer; Brother R. L. Martin, Oakland lodge, inner guard; Brother Westcott, Saratoga, outer guard; Sister Mary Winter, Redwood City lodge, guide; Sister Josephine Rice, Foothill lodge, Los Gatos, captain, and Sister Rodoni, Saratoga lodge, musician.

By this time everyone was getting very anxious for the drill teams to come on the floor. Captain Frederick"s team of Bella Vista lodge, Gilroy, was the first on the floor. It is needless to say this team did good work, for it is hard to beat. Next came Captain Boardman's team from Melrose lodge, San Jose, which also did good work, and a team that is hard to beat. The judges awarded first prize to the latter and second to Gilroy.

Brother Kern from Los Angeles was just bubbling over with stories and kept the room in smiles, but he couldn't be confined to just stories, for he told of the good old order, Fraternal Aid Union, to which he is proud to belong. He says the order is the best on the market today; insurance is the only thing in these hard times. To thousands insurance certificates and policies on which money can be borrowed will be life savers this winter.

The district banner was awarded to Oakland lodge No. 840 for having made the greatest increase in membership.

After all business had been completed the district lodge adjourned at 6 o'clock to meet with Melrose lodge No. 128, San Jose, in May.

People of Redwood City knew that there were some live wire in town when the crowd of Fraternal Aiders marched down the street and into Tony's Cafe, where Redwood lodge had made arrangements for a banquet to be served. There weren't any speeches at the table because everyone was to full for utterance.

The crowd was next escorted to the civic auditorium, where everyone enjoyed a fine program, speeches and dancing. At a late hour all departed to their homes voting Redwood lodge a royal entertainer.

"A new broom sweeps clean," but the woman who wields it ought to be given some credit.

If they didn't set up men of straw to knock down, most men never would be in a fight.

Bring us your job printing.

REDWOOD RELATIVES MOURN FOR PETER WARD

The funeral of Peter Ward, a brother of Mrs. J. J. Hahir and Miss Sarah Ward of Redwood City, took place from St. John's Catholic church yesterday. Interment was in Holy Cross cemetery, Colma. A large cortege followed the remains to their last resting place.

Peter Ward livel at 218 Tennessee street, San Francisco. While painting a house on Nineteenth street on Tuesday he fell 30 feet from a ladder and received injuries from which he died at the Mission Emergency Hospital.

Ward is survived by his widow and seven children, three brothers and five sisters. Mrs. Hahir and Miss Ward have the sympathy of this community in their sad bereavement.

MILE OF BUMPS HAS BEEN MADE SMOOTH

The Mayfield section of the state highway was officially opened on Wednesday morning about 9:30 with a loud demonstration. A procession of automobiles from along the highway, coming all the way from San Francisco to San Jose, paraded the new roadway. Supervisor Cooley was in the leading machine and had a pleased look upon his face, denoting that he had been able to overcome all obstacles and give the people one of the best paved roadways in the state. The great highway has been officially opened and once more the familiar sound of whirring machines is again heard in Mayfield.

The news of the opening of this piece of road at Mayfield has gladdened the hearts of the motorists. For years it has been a source of annoyance to them. It is a stretch of about a mile and the town became notorious as the town of "a mile of bumps."

AMES BUYS AGENCY FOR SAN FRANCISCO PAPERS

W. C. Ames of San Francisco has bought from P. J. Dwyer the agency for the San Francisco newspapers and will take over the business on December 1. Mr. Ames recently resigned his position as chief clerk for the United States shipping board in San Francisco, a situation he held for nearly two years. Before that time he was with Herbert Hoover in Europe. Mr. Ames was born in Redwood City but left here in boyhood. He is the son of John Ames, brother of J. P. Ames, at one time the political leader of San Mateo county and warden of San Quentin in the eighties. Mr. Dwyer has made numerous friends while here by his honest business methods and fair dealing.

GEORGE GERWIN ASKS TO ADMINISTER ESTATE

George H. Gerwin has applied in the superior court for letters of administration upon the estate of his late wife, Anna Gerwin, who died on October 21, 1921. The estate comprises cash in bank amounting to $690, two lots and a small house in Redwood City valued at $500. The entire estate does not exceed the sum of $1200 in value. The heirs at law are the petitioner and two daughters, Vera M. Gerwin and Adanelle Gerwin. Mrs. Gerwin left no will. Archer Kincaid is the attorney for petitioner.

GIBSON GETS VERDICT OF $5,000 DAMAGES

The jury in the case of Edward Gibson vs. A. M. Trescony this week agreed on a verdict of $5,000 for the plaintiff. Gibson sued for $11,725 for injuries received and damage to his automobile in a collision on the state highway a mile south of Holy Cross cemertery on the morning of May 11, 1921.

Gibson's contention was that Trescony carelessly drove his car into a motorcycle ridden by Elmer G. Mahin and Robert Skelinger of San Bruno, throwing the motorcycle against the Gibson car and throwing him out on the road, causing severe injuries. Mahin and Skelinger were both killed, Mahin instantly and Skelinger dying later in the South San Francisco Hospital.

Gibson was represented by Attorney Charles W. Haswell and the defendant by James T. Brennan and Myrick, Deering & Scott, all of San Francisco.

CHARLES H. LONG PASSES IN SAN FRANCISCO

Charles H. Long, a former resident of Redwood City, passed away at his home at 415 Douglas street, San Francisco, following a long illness. Long was employed at the mint in San Francisco up until the time of his illness. He was a native of San Francisco, aged 55 years. He is survived by his widow and two brothers, William and George Long. The deceased at one time conducted a saloon in the Germania Hall block in the corner now occupied by the Broadway Vulcanizing works. Long was a sportsman and a member of the San Francisco Rowing Club.

"But she has a charming personality" is another way of saying she is not very good looking.

MRS. SUSAN M. SAUNDERS KILLED ACCIDENTALLY AT HOME IN PETALUMA

Lived Here as a Girl, Taught School and Managed Local Telegraph Office

Mrs. Susan M. Saunders, who was accidentally shot and instantly killed at her home in Petaluma Wednesday night, was a former old time resident of Redwood City and visited friends here only a short time ago. Arthur Lumsden in his home across the street from the residence of Mrs. Saunders was cleaning his rifle when the gun was accidentally discharged.

The bullet crashed through two doors in the Lumsden residence, sped across the street, cut through a front window and an interior door in the boarding house and struck the aged woman at the base of the skull.

She was leaning over a stove at the time and fell forward, her hair and a celluloid comb becoming ignited.

Mrs. Saunders was a native of Maine and was 72 years of age. Her younger life was spent in Redwood City, to which place she came as a girl. For many years she taught in the school here and was for some time in charge of the telegraph office, then located in the Pioneer Drug Store conducted by Mr. Merrill. In the later seventies she met and married Joshua Saunders, a young and stalwart lumberman. Saunders and his brother Ambrose at one time conducted large lumber mills in the Kings Mountain section, where the Virginia mills are now located, and had a lumber yard on Main street where J. B. Perry has his coal and wood yard. The brothers did a big business and were prosperous. Joshua Saunders was a thorough business man and amassed a fortune. About 34 years ago at his residence on the highway, now owned by R. F. Chilcott, he died suddenly while engaged in shining his shoes. It is a peculiar coincidence that his widow should also meet a sudden and untimely death. Mr. Saunders had a premonition that he would meet his death "with his boots on" as he expressed it to friends.

Left Here Fifteen Years Ago

Mrs. Saunders left here about fifteen years ago to reside with her daughter, Fanny Davidson. She has often returned to visit the friends of her younger years and was always delighted to greet them.

Her daughter Fanny married Robert Thompson, whose father, Frank Thompson, was then editor of the Democrat. The marirage proved a failure and the young people were divorced. Mrs. Thompson afterward married Mr. Davidson and the couple for many years have resided in Sonoma county.

Mrs. Saunders has a son, Ben Saunders, who lives in Oakland. He is an auditor for a wholesale grocery firm there. Some years ago he married pretty Miss Myrtle Rosseter, whose father was then principal of the Sequoia Union High School Miss Rosseter was accounted at the time of her marirage as one of the prettiest young women of the peninsula. This marriage proved a very happy one. The Saunders have one child.

Mrs. Saunders was a very lovable woman, liked and admired by all who knew her. She possessed a genial and sweet disposition that won her many friends and they were legion in San Mateo county.

Her sudden death has been a severe shock to her many old time acquaintances in this section, many of whom knew her in the days of her youth and beauty and when she was a young school teacher in Redwood City.

While no blame can be attached to Mr. Lumsden, yet the accident is deplorable and removes a good woman from the world.

PESCADERO BEATS THE COUNTRY IN RAISING RED CROSS QUOTA

Armistice Day Well Observed at Community Center---National Officer Calls

The Red Cross drive started in town on Armistice Day and within 24 hours Pescadero again went over the top and exceeded her quota. It is said from all reports Pescadero is the first town in the United States to subscribe her full quota within so short a time. Mrs. James McCormic,k who is chairman of the Pescadero auxiliary of the Red Cross, is entitled to great credit for the successful outcome of this drive.

Mr. Pangborn, national chairman of the American Community Service organization, paid an official visit to our center last week and gave a very interesting outline of the work which is being done all over the United States. He was accompanid by Miss Caroline Fiedler, who organized our community service, to whom great credit is due for having instituted such a grand institution in our town.

Dr. Thompson and Andy Sterling were city visitors this week.

J. C. Williamson attended a bank meeting in Redowod City Saturday. Incidentallly he did some good work for the project which is being advanced for a new bank.

The dance which is to be given by the Native Sons and Daughters for the benefit of the homeless children promises to be a great social and financial success. It is to be hoped that everyone will put forth an extra effort to help out this worthy cause.

On Armistice Day the town of Pescadero and its community service showed that it knew how to do things and do them right. From early morning the feeling of sorrow for the departed and rejoicing with the returned ex-service men was manifest throughout the community. In the evening the roll was called, after which an entertainment and feed was provided for the boys and all others present. It is estimated that over 500 people attended.

Mr. and Mrs. Asa T. Weeks were visitors in Palo Alto this week.

C. F. Humphrey, the eminent attorney of San Franciscvo and successful artichoke king of Torquay, was in town this week. Mr. Humphrey informs us that he is to place the artichoke industry of his section on a more scientific basis and that he is sure that a much better yield will be the result.

Mr. and Mrs. Carl Coburn, accompanied by their children and grandchildren, were city visitors last Sunday.

James McCormick enjoyed a very pleasant visit with John Weller of the Bank of Italy last week.

On Wednesday night at 9 o'clock a fire started in the Wideman garage, formerly the old Loren Coburn livery stable, and spread to the Coburn home close by. Wallace Coburn, the incompetent son of the late Loren Coburn, occupied the dwelling with his nurse, Mr. Gooding. When the blaze started Gooding took his charge to the home of Dr. Thompson, where he was cared for during the night. The flames consumed the old historic home and spread to the Coast Side Transfer Company's establishment, formerly owned by the late James McCormick. This structure also was burned. There was no wind blowing and luckily the blaze did not spread any further, otherwise the Swanton House, not far off, would also have been destroyed. It is estimated property to the value of $20,000 was burned. This loss is partially covered by insurance. The origin of the fire is unknown. The burned structures will be rebuilt.

MRS. CHRISTIE ASKS FOR SEPARATE MAINTENANCE

Mrs. M. H. Christie has brought an action in the superior court against her husband, George L. Christie, for separate maintenance. They were married in England on March 23, 1889., but have not lived together since February, 1918. Though separated, they reside in the same dwelling. They have four children, two of whom have reached the age of majority. The community property consists of certain securities amounting to $3,000 and the family residence at San Mateo. Mr. Christie is the auditor of passenger accounts for the Southern Pacific Railroad Company and receives a salary of $250 a month. Mrs. Christie asks for $150 a month for the support of herself and two minor children, $25 costs and $150 attorney fees and the custody of the minors. Ross & Ross are the attorneys for Mrs. Christie.

MARRIAGE LICENSES

John H. Mulhall, aged 39, Keswick, and Agnes A. Rice, aged 40, Grass Valley.

E. M. Hamann, aged 22, and Eileen E. Jesson, aged 18, both of San Francisco.

Lester J. Boyd, aged 21, and Selma L. Norris, aged 19, both of San Francisco.

John F. Hoffman, aged 21, and Olivi Paulson, aged 18, both of Redwood City.

Loren R. Chandler, aged 26, and Elva B. Beal, aged 21, both of San Francisco.

James A. Lee, aged 31, San Mateo, and Irene M. Dickey, aged 28, Redwood City.

L. T. Charkins, aged 21, and Grace Smith, aged 21, both of San Francisco.

Adolph Tennler, aged 22, of San Francisco, and Dori sH. Graham, 18 San Mateo.

PIONEER OF COAST SIDE JOINS VAST MAJORITY

James H. Hovius, a San Mateo county pioneer, passed away at his farm in Halfmoon Bay yesterday after a short illness. Hovius was perhaps one of the oldest pioneers of the peninsula. With his brothers he reached San Francisco from New Orleans in 1854. He came direct to Halfmoon Bay to his father's farm, where he has remained ever since. His father, Silas Hovius, was the second shehriff of San Mateo county, having been elected in 1859. The deceased was one of the many successful sons of Kentucky who have contributed to the upbuilding of California. He was born in Livingston county January 9, 1835.

Mr. Hovius has been prominent in the agricultural and other affairs of Halfmoon Bay for a half century. Some of the finest stock in the country has come from the grazing lands of his well conducted property and the general produce which attained maturity under his watchful eye and according to the methods of this progressive and scientific farmer. There was none superior in quality or more abundant in quantity.

One of his daughters some years ago married James Mosconi. Mr. Hovius has been a member of the Odd Fellows' lodge of Halfmoon Bay for over fifty years. Preparations for the funeral have not yet been completed, but it is probable that the funeral will take place Monday.

NUPTIAL MASS UNITES POPULAR YOUNG COUPLE

At a nuptial mass celebrated by Father C. E. Kennedy in Mount Carmel church Tuesday morning Miss Irene Dickey, the talented young teacher, and James A. Lee, treasurer of the City of San Mateo, were united in marriage. The wedding was a quiet affair, only the immediate relatives attending. Father Kennedy in an impressive manner pronounced the words that made the young couple husband and wife.

Miss Lorraine Dickey, the pretty and charming sister of the blushing bride, was maid of honor, while Maurice Fitzgibbon attended the bridegroom. He is an intimate friend of Mr. Lee. Mrs. J. C. Dickey, mother of the bride, gave her away to the keeping of the young man who is to cherish and protect the young woman in their journey through life.

After the ceremony the wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Joseph C. Dickey. Only a few of the friends of the young couple were in attendance.

Mrs. Lee is a daughter of Mr. and Mrs. Joseph C. Dickey of 303 Bradford street. She is a popular member of the younger social set of Redwood City and is held in high esteem by her numerous friends. Mrs. Lee is a graduate of the local high school and the state normal school at San Jose. For some time she taught in the local school department, resigning on the first of the month. Her sweet and genial disposition made her popular with her pupils, who shed tears when told that she was leaving.

Mr. Lee is a Santa Clara University gradaute. He is popular with the young set at San Mateo and is a prominent member of the Elks. After their honeymoon to be spent in the south Mr. and Mrs. Lee will be at home to their friends at their cozy home in San Mateo.

SCHOOL TRUSTEES TO SELECT ARCHITECT

Next Saturday and the following Monday, November 26 and 28, the trustees of Sequoia Union High School will meet to select an architect who will prepare plans for the contemplated new high school building. The board will meet on Saturday at 1:15 p. m. and at the same hour on the following Monday.

The board will exercise great care in the selection of an architect. It is known that eight will submit plans. The trustees will go over them carefully, giving due consideration to each. No favoritism is to be shown. The architect having the best plan will be selected by the trustees. The big premium received at the sale of the high school bonds is very encouraging and the trustees feel that they will have sufficient funds to give the district one of the finest high school buildings in the state.

DECEMBER FOX TROTS AND POPULAR SONGS

Now on sale. "One Kiss," "Love will find a way," "June Moon," "I wonder if you still care for me," "Ain't you coming out, Malinda?" "Don't you remember the time," "Herd Girl's Dream," violin, flute and harp. Select your Xmas phonograph now. Easy terms.

LIPPMAN'S MUSIC AND JEWELRY SHOP

No. 3 Broadway, Redwood City.

FRANK CRULL GETS DECREE BY DEFAULT

An interlocutory decree of divorce was given to Frank M. Crull in the superior court Wednesday. In his complaint against Hattie B. Crull, his wife, the charge of neglect of home and children was made. He was given the custody of the six minor children. Ross & Ross represented plaintiff.

GIRLS WANTED TO JOIN NEW GIRL RESERVES AT HIGH SCHOOL

Banquet and Dance Given by Dramatic Club Girls to Football Boys Saturday Evening

By Helen E. Barnebey

Here's your opportunity, girls! If you are a Girl Reserve already, you know this. If not, "come, join our band," as our song says, and see if it is not so.

You should know that the Girl Reserves of the Young Woman's Christian Association are recruited from grade and high schools in every state in the union the Isthmus of Panama, the Hawaiian Islands, Roumania, France, Russia, China and South America. There are in the ranks of the Girl Reserves in the United Sates more than 100,000 girls of the teen age—from 12 to 18.

They serve by playing Santa Claus to poor families, by providing scholarships to keep girls in school, by playing with and giving picnics and parties for the children of such homes as the Stanford Convalescent Home, by supportting Girl Reserve workers in foreign lands and by living up to their code in their homes, at school, in work and in play.

The girls of high school age in Redwood City organized into a Girls' Reserve Club, governed by a council of the girls, with the assistance of the advisers. The membership policy is that any girl who is willing to pledge herself to live up to the Girl Reserve code may become a member of the Girl Reserves.

Last year there were several enthusiastic groups in Palo Alto, two in Redwood City and one in Mayfield. Two groups gave plays and out of the proceeds went on two delightful camping trips. The good times connected with both activities will long be remembered by these girls. You had better come and find out for yourselves.

Don't you want to join us in our efforts to become better citizens by facing life squarely and by finding and giving the best? Girl Reserves are always ready for service.

By Mura Stilleson

The girls of the Dramatic Club entertained the football boys at a banquet and dance on Saturday evening. The banquet room was artistically decorated in purple and white, the scheme of decoration being centered around the "pigskin" which was suspended over the center of the table. Miniature footballs tied to the place cards with purple ribbons served as favors of the evening.

Dick MacGowan, captain of the team, was toastmaster of the evening and "Vic" Torres led the Sequoia yells. Speeches were given by Mr. Argo, coach; Mr. Cuthbertson and Mr. Griffin, athletic directors, and Miss Boyle, Dramatic Club adviser. They all spoke of the splendid fight Sequoia showed in all her games and of the bright prospects for football for next year.

One of the big features of the evening was the election of Stanley Mitchell for captain of the Sequoia varsity for 1922. Mitchell is deserving of this honor, because of the splendid work he did on the 1921 team. Under the guidance of such a "peppy" and fast player a successful season for Sequoia is assured.

After the banquet the football boys and the girls of the club adjonrned to the "barn," where a few hours of dancing were enjoyed.

C. OF C. BOOSTER BALL IN PROSPECT

The board of directors of the Redwood City Chamber of Commerce met Tuesday evening and among various items dealt with was a civic improvement committee. It was suggested that the chamber of commerce donate next year a handsome prize to the householder who makes the most consistent and best showing for the appearance of his front garden, lawn or yard. The object of the prize is to encourage the beautification of Redwood City as a residential town. It was also resolved to look into the enforcement of weed eradication in vacant lots and otherwise improving their appearance.

The entertainment committee was instructed to organize a big entertainment for December in aid of the chamber of commerce literature and Christmas stocking fund. The committee meets Monday, November 21, to make plans and prepare the necessary announcement. The affair will probably be a big boosters' ball.

The board of directors also went into the question of protecting members from indiscriminate advertising with the idea of endorsing or rejecting propositions from outside sources which in the opinion of the Board would not prove of any material benefit to members.

The endorsement of the chamber to charities was also decided on. In futrue any requests to members for contributions to charity will be rejected unless the applicant shows a card from the secretary-manager stating that the particular charity has been thoroughly investigated and proved a worthy cause. Failing in the production of such a card will mean rejection by the member to the applicant's plea. In addition the member will be saved considerable embarrassment and arguing by simply asking for an inspection of the applicant's endorsement card, and failing production of same, tell the particular charity that he or she is a member of the chamber of commerce and subscribes only to charities endorsed by that body. This winter will probably see considerable distress and members must be protected from fraudulent and unworthy requests.

The judges of the Redwood City prize slogan will meet Wednesday, November 23, at 7::30 p. m., to decide on the winners of the $20 cash prize and Thanksgiving turkey second prize. Enrties are not quite as many as the board of directors would like and its is hoped that by Wednesday next there will be hundreds of entries. The public is invited to be present at the judging. Some good slogans have rome in and a few are here set forth:

"Redwood City for fun, frolic and opportunity."

"Redwood City for health, wealth and prosperity."

"Watch Redwood win."

"Reap riches in Redwood."

"Redwood City for health and wealth."

Competitors are alolwed to place as many suggestions as they feel inclined in nomination. Practically no suggestions have been received from the schools. What is the matter with the bright and intelligent students of Sequoia Union High School? Don't let it be said that our high school students are apathetic or unintelligent. Wake up, you citizens of the future, and show your elders that you can put it all over them by carrying off both prizes.

STUDENTS WITNESS COURT METHODS

Judge Griffin on Thursday afternoon sentenced John Hager and W. H. Chadwell to serve ten days in the county jail on the charge of vagrancy. They were arrested during the week by the local police, who caught them prowling about town. When searched they had large quantities of tobacco and cigarettes in their possession. This aroused the suspicion of the officers and after due investigation it was discovered that the men were deserters from the Eleventh Cavalry at Presidio Barracks, Monterey. After serving their time the men will be sent to Monterey, where they will have to face a court martial. Inasmuch as they will be back in ten days it is believed they will be dealt with lightly by the army authorities. However, as this is Hager's second desertion he may be severely punished. He is 20 years old.

During the proceedings in court the members of the civic class of the high school were present to learn the manner in which the case was conducted against the accused young men.

RICH WANTS RENT MONEY

George O. Rich has brought an action in the superior court against L. Martinelli to recover the sum of $450 for a balance of rent due on a ranch in Calara Valley in this county. Defendant leased the premises on November 1, 1917, for a period of five years, agreeing to pay annually $150 for the land. He also secured merchandise from plaintiff amounting to $125. The total sum sued for is $575.

LET 'EM RAGE

Because the Times-Gazette is very emphatic in its advocacy of the Dumbarton bridge and has called down the secretary of the Three Cities Chamber of Commerce for his attitude on the same he has seen fit to get into a rage and accuse the editor of untruthfulness. Let the heathen rage.

PLAN FOR THE FUTURE

In making a request for increase of wholesale rates for city water supply, along with the proposition to install additional pumping machinery at the city plant, it may be well for the trustees to take under serious consideration the idea of making a beginning on establishing a municipal plant which shall take care of the various public utilities in the future. The water company has put on the city the burden of delivering water to consumers and making the collections, while it receives its pay in a lump sum. That's a nice arrangement for the company. Why wouldn't it be possible for the city to take over the water plant in its entirety, get the profit from both retailing and wholesaling and thus allow the public generally to participate in the benefits? If it is necessary for the city to do pumping at all it might as well pump directly from its own supply.

The neighboring city of Palo Alto has a municipal plant that appears to be a model for successful management of municipal utilities by the city. The water, gas, electricity and garbage are all in municipal control. At the central power plant they have a group of Diesel engines furnishing power for the pumps, turning the electrical generators, and in an annex there is a garbage destructor. The only commodity which is not furnished directly from this plant is the gas supply. That is bought wholesale and distributed through mains owned and controlled by the city. In all departments except the garbage collection and disposal a profit is shown annually after provision has been made for paying interest and maturing bonds, depreciation and expense of operation. But instead of declaring dividends to outsiders the people generally get the benefit in very reasonable rates for things they must have to live in a modern way.

So in making a purchase of an engine and pump, it might be well for the city dads to consider more than one type of engine. The Diesel, made in this country as well as in Europe, produces power directly from crude oil, doing away with generation of steam and producting more power per barrel of oil consumed than is possible with a steam plant. Were an engine of this sort installed at the Redwood City plant, one of a much greater capacity than needed for the pumping work, a beginning could be made by taking over furnishing electric current to consumers. The additional expense would not be prohibitory. A bond issue of sufficient amount to provide for such installation need not increase taxation, as the payment for the apparatus would be made from receipts of payments from consumers.

In time the city would have entire possession of the utilities. Then it would be in an enviable position, independent of any of the companies now operating and securing for the public not only better service but a lower charge. If there is money to be made in these enterprises that depend entirely upon public patronage it might as well be turned into the public treasury for the benefit of the people as a whole. San Francisco is setting a good example by finishing its big Hetch Hetchy water enterprise. Why not try to get in on that? Sooner or later San Mateo county will be confronted with a water shortage, such as has scared the Santa Clara county people into action. If an agreement can be arranged with San Francisco to get a supply that will be adequated for Redwood City it will place this town in an enviable position as a partner in one of the greatest municipal enterprises ever undertaken. Some consideration must be taken for the future. Perhaps no arrangement is possible along these lines for a few years to come, but if plans are made now and the arrangements made to take advantage of circumstances as conditions change the trustees will deserve and receive the grateful recnition of their fellow citizens.

MEANING OF THANKSGIVING

It is to be regretted that the beautiful and appropriate custom of observing a day of Thanksgiving has become associated with an abundance of material things. If crops have been bountiful, if the harvest has been great, if there has been an overflow of the "good" things of earth, and if the times have been peaceful, reasons for thanksgiving are supposed to increase correspondingly.

There is something in the outward tradition of Thanksgiving that would appear to justify this stressing of the importance of material things; but there is also something in the real Thanksgiving that would demand the stressing of other things, demand the placing of emphasis upon spiritual matters rather than upon conditions which pertain solely to the physical well being of man.

The real Thanksgiving demands a feeling of deep appreciation for whatever has come, the acceptance "with equal thanks" of the good fortune or the bad fortune of previous months. This Thanksgiving is essentially an internal thing—it can be observed regardless of what one had for dinner that day, and its observance is an affair that should be open to the rich and the poor of the earth.

It may be well that some, on this day of taking stock and expressing gratitude for blessings, can find little of good that has come to them as the world counts good. But these are the ones for whom Thanksgiving may hold the deepest reality. These may say:

"Lord, for life ,its love, its hope, its interest; its opportunity for service; for the great and durable satisfactions of living that center about home and work; for deep and abiding memories of joy that bereavement has brought into sharp relief; for all these blessings my I be truly thankful."

To this prayer may be added by those in prosperity:

"And may I be mindful lest in the excess of good things I become self-centered and forget my obligations to my fellow men.

DUMBARTON'S ADVANTAGES

The opening of the Dumbarton route to passenger service and building a Dumbarton bridge to take care of automobile traffic will give the coast side of San Mateo county an opportunity to bring to it to the people from the interior of the state, where it is very warm in the summer time, to the seaside and mountain resorts of San Mateo county instead of this character of traffic now going to Santa Cruz and Monterey on account of the roundabout way of reaching San Mateo county. In other words, with the route opened up it would be worth while for the coast side of San Mateo and La Honda to advertise throughout the interior of the state during the summer months of the year and thus create business which this class of travel brings.

DISARM

It will be a great advantage to the whole world if the conference now in session at Washington reaches an agreement that all nations shall disarm, even to a greater extent than as outlined in American proposals. The advantage will come in many ways. In the first place it will stop the enormous expenditures for arming the navy and military forces. Next it will serve to prevent incurring any such enormous expenses as were involved in the last war. With these two features abolished from international expenditures it will be possible to devote the money and energy to peaseful pursuits, all more to the benefit of mankind.

A summer camp for boys in California will not allow firearms of any sort in the camp, the reason assigned being that there is nothing but boys to shoot at and they are to be preserved for better purposes. So long as the nations have their armaments and there are men to shoot at there will be wars. Disarm and the people will be all the better for it.

THE CONTROLLING TRIANGLE

The results of the war in Europe have put the nations of the earth in a position never more favorable to the success of a limitation of armament program. There is now no nation in Europe in a position to make trouble for rGeat Britain. There is no nation in a position to make an aggressive war against the United States. There is no nation in a position to make an aggressive war against Japan. These are the three and the only great nations maintaining naval establishments of sufficient magnitude to conduct a war requiring naval co-operation. That being true, there is no reason why any nation should maintain a military establishment other than that necessary for ordinary defense, unless there is fear of aggression on the part of some other of the leading nations. If Great Britain and Japan and the United States can agree upon certain important international relations, as thy should be able to agree, then it will be entirely practicable to agree upon limitation of armaments with resultant reduction in national expenditures, the release of considerable wealth and man power for utilization in industrial instead of military activities and a lifting of the burden of taxation from the people.

Knowing this to be true, the people of the various nations represented at the armaments conference will watch with deep interest the attitude each nation may take, with particular reference to the effect that attitude may have upon reaching an ultimate agreement. If the reprsntativs of any nation stand unjustly in the way of the effort to limit and reduce armaments, they will be held accountable not merely to the people of other nations but by the people of their own nation as well. The demand for a reduction of the cost of arament comes not from officialdom but from the rank and file of the citizenship of the most important nations who are now bearing the burden of almost destructive taxation.

President Harding voiced the sentiment of practically all the people of the world when he expressed the desire to secure, through a conference of the representatives of the nations, agreeent upon a plan by which the competition in armament may be checked. Those who stand in the way of the accomplishment of that desire, if any such there be, will have difficulty making explanations which will be satisfactory to their home people after the conference is over.

A social climber is a woman who refers frequently in company to her "maid" when she has a woman come in once a week to help her with the cleaning.

If there weren't so many automobiles, so many of them wouln't be stolen.

PROCEEDINGS OF THE BOARD OF SUPERVISORS

At the meeting of the board of supervisors held Monday the principal items of business under consideration were the selling of the Sequoia Union High School bonds and talking over the Dumbarton bridge survey expense.

When the bond bids were opened and read it was found that Blyth, Witter & Co., made the best offer, the bid of that concern offering a premium of $15,750 and accrued interest for the whole issue of $300,000 of bonds. There were 14 bidders, showing that the bonds are attratcive as investment securities.

Franklin Swart, district attorney, made a preliminary report on the resolutions offered at the last meeting by the Peninsula Bureau of Chambers of Commerce and Civic Associations, requesting that a survey of the Dumbarton bridge site be authorized. Swart said it would take considerable time to look into the matter thoroughly and make a written report. He wanted to be sure if the board can pay debts of one year with the funds of another year, as this year's budget has not made any provision for the expense of the proposed survey. There there is the question as to whether the bridge can be built at the expense of one county or by several jointly; and also he desires to be assured as to whether the county can be custodian of private funds as proposed in the resolutions. There was some discussion of the matter by Phil R. Thompson and Fred Drake and the question was laid over for further consideration.

A resolution ordering beginning of condemnation proceedings to secure rights of way for the Skyline boulevard was adopted.

A map of Paraiso Park, the new subdivisoin near Menlo Park, was presented for approval by C. L. Dimmitt. This is the tract owned by the St. Mary's Help Hospital. The map was approved and accepted.

A resolution wa sadopted at the afternoon session ordering the county purchasing agent to have printed and posted signs warning people against picking toyon berries along the various roads in the county, especially on the Kings Mountain and on the way to La Honda. When these signs shall have been posted there will be no excuse for offenders. This is an effort to assist the officers in enforcing the state law for the preservation of the toyon.

Reports of the county auditor, social service commission and superintendent of the county farm and hospital were received and filed.

J. F. Adams, manager of the telephone company, requested information regarding the character of service that will be required fo rthe new county hospital at Beresford. He submitted a table of rates for varied services.

Barrett & Hilp, general contractors for the county hospital, had sent in a claim for $11,000. It was ordered returned to them with a request for information as to an item of $2,000 under the heading of bond.

All the county traffic officers were ordered to be present at the meeting of the supervisors next Monday for the purpose of conference.

The county engineer was instructed to survey Holly street, San Carlos, for establishing grade. After allowing claims the board adjourned until next Monday.

Red Cross Trains 147 Blind Vets In Useful Work

Training designed to fit them for the battle of life was taken by 147 blinded ex-service men at the Red Cross Institute for the Blind, near Baltimore, Md., during the fiscal year 1920-1921, according to the report of the Institute for that period.

Of this number, 19 have gone on to other institutions, in almost every case to institutions where those having sight are receiving advanced education. The blind ex-service men who have entered such institutions are provided with special text-books in Braille, reading which they were taught at the Red Cross Institute.

Twelve men have passed from the Institute to successfully carry on some occupation or business for which they were fitted by special training. A few have withdrawn from the Institute because of poor physical condition. 14 are receiving further "training on the job" and 87 are still in training.

Red Cross Plans $6,000,000 Effort To Save Children

Medical care and clothing for thousands of children in Central and Eastern Europe are outlined as the activities of the American Red Cross in Europe for the current year, says a statement on the eve of the Annual Roll Call of the organization. These activities, supplemental to the feeding operations of the European Relief Council of which Herbert Hoover is chairman, are designed to provide the most adequate and balanced relief within the resources of private philanthropy.

Through the establishment of child welfare stations in the centers of population of those countries where adequate medical care is not now obtainable, the American Red Cross plans to provide the medical assistance needed to restore these children to a normally healthy life. The sum of $6,000,000 has been made available for this work.

Red Cross Gives $310,000 to Aid 'Clean-Up' Drive

An appropriation of $310,000 for Red Cross work in connection with the "clean-up" campaign instituted by the Government to bring the claims of all disabled service men who are entitled to Federal aid before the proper government bureau for action, has been made by the American Red Cross. The Executive Committee of the American Red Cross in making the appropriation authorized the appropriation of $35,000 of this sum to the American Legion to defray the expense of the Legion representatives assigned to the various districts of the Veterans Bureau.

The remainder of the appropriation was authorized for apportionment among the several Divisions of the Red Cross for carrying on that part of the "clean-up" work that falls directly upon the Red Cross organization.

Young America Sends Vast Relief To Needy Abroad

Various relief projects of the Junior American Red Cross in European countries resulted in helping 237,000 destitute children during the last fiscal year, according to the annual report of the American Red Cross for that period. The growth of the activities of the Juniors abroad is manifested by a comparison which shows this figure is 200,000 larger than that of the previous fiscal year.

The National Children's Fund raised by school children, members of the Junior American Red Cross, was drawn upon for $420,557 for these projects. Receipts for the National Children's Fund during the last fiscal year totalled $155,317.

America Succors Russians

Food, clothing and medical relief costing $700,000 has been provided by the American Red Cross for the thousands of Russian refugees stranded last year in Constantinople and vicinity.

To bring before the country in visual form the vast problem it is helping to solve, the American Red Cross has prepared for its Annual Roll Call, Nov. 11 to 24, a poster showing how rather than diminishing the total of World War veterans entitled to Federal aid continues to grow. Red Cross Service to these men is costing $10,000,000 a year.

President Harding Now Heads Red Cross

UNDERWOOD & UNDERWOOD

Succeeding former President Wilson, President Harding was recently elected president of the American Red Cross. He is here seen accepting the office. From left to right: Maj. Gen. Merritte W. Ireland, Surgeon General, U. S. A.; Dr. Livingston Farrand, chairman Central Committee of the Red Cross; the President; Asst. Secretary of the Treasury Elliot Wadsworth; Rear Admiral Edward R. Stitt, Surgeon General, U. S. N.

Ellen L. Rippon to Rose Butzbach, lot 6, block 2, Burlingame Park 4.

Errol E. Rhodes and wife to G. W. Wilson, lot 5, part lot 6, block 18, San Mateo.

George W. Allen and wife to Dicy A. Baugh, lots 13, 20, 21, block 8, Stanford Park.

Dicy A. Baugh to George W. Allen and wife, same lots.

Opportunity may knock once at every man's door, but the only way you can account for a lazy man's grasping it is that opportunity broke down the door, went into his bedroom, woke him up and dragged him out.

His hearers often wish that a "born orator" had never been born.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO.

Notice of Guardian's Sale of Real Property at Private Sale.

No. 29338 N. S.—Dept. No. 7

In the matter of the guardianship of the persons and estates of Raymond J. Mecchi and Milton M. Mecchi, minors.

Notice is hereby given that the undersigned, the guardian of the persons and estates of Raymond J. Mecchi and Milton M. Mecchi, minors, will sell at private sale to the higest bidder for cash in Gold Coin of the United States of America, and subject to confirmation by the said Superior Court, on or after Wednesday, the 30th day of November, 1921, all the right, title, interest and estate of the said minors in and to that certain real property particularly described as follows, to-wit:

The undividgd one-eighth interest of each of said minors in and to all that certain lot, piece or parcel of land, situate, lying and being in the County of San Mateo, State of California, and described as follows:

Commencing at a point on the northerly line of Santa Cruz Avenue, distant souehtrly one thousand two hundred and ninety-four (1294) feet one and one-half (1-2) inches from the westerly corner of Santa Cruz Avenue and the County Road (now known as the State Highway) leading from San Francisco to San Jose, running thence southwesterly on and along said line of Santa Cruz Avenue fifty (50) feet; thence at a right angle north-westerly two hundred and seventeen (217) feet ten and one-quarter (10 1-4) inches; thence at a right angle north-easterly fifty (50) feet; thence at a right angle south-easterly two hundred and seventeen (217) feet ten and one-quarter (10 1-4) inches to the point of beginning. Being a portion of lot No. 177 and a portion of lot No. 178 as shown on that certain "Map of the lands of the town of Menlo" filed in the office of the County Recorder of San Mateo County, California, November 12th, 1886, in Book "B" of Original Maps, page, 9, and copied into Map Book 1, page 22.

Terms and conditions of said sale are cash in gold coin of the United States of America, ten per cent (10%) of bid payable at time of sale, and the balance upon confirmation of said sale by the said Superior Court.

Bids or offers may be made at any time after the first publication of this notice, and before the making of said sale. Bids or offers must be stated for each undivided interest in said real property separately.

All bids or offers must be in writing and may be left at the law office of Frank J. Creede, Esq., 502 Underwood Building, San Francisco, California.

Dated: November 9th, 1921.

IRENE G. MECCHI,
Guardian of the persons and estates of Raymond J. Mecchi and Milton M. Mecchi, minors.
Frank J. Creede and C. Harold Caulfield, attorneys for guardian.

NOTICE TO CREDITORS

Notice is hereby given by the undersighed administrator of the estate of Manuel P. Roche (sometimes called M. P. Roche), deceased, to creditors of and all persons having claims against the said decedent, to file them with the necessary vouchers in the office of the clerk of the Superior Court of San Mateo County, California, within ten (10) months after the first publication of this notice, or within said period to exhibit the same with the necessary vouchers to the said administrator at Ravenswood Dairy, Ravenswood, in San Mateo County, California, which is hereby designated as the place for the transaction of business pertaining to said estate.

Dated Oct. 22, 1921.

SEBASTIAN P. ROCHE,
Administrator of the estate of Manuel P. Roche, deceased.

Camels are made for Men who Think for Themselves

Such folks know real quality—and DEMAND it.

They prefer Camels because Camels give them the smoothest, mellowest smoke they can buy—because they love the mild, rich flavor of choicest tobaccos, perfectly blended—and because Camels leave NO CIGARETTY AFTERTASTE.

Like every man who does his own thinking, you want fine tobacco in your cigarettes. You'll find it in Camels.

And, mind you, no flashy package just for show. No extra wrappers! No costly frills! These things don't improve the smoke any more than premiums or coupons.

But QUALITY! Listen! That's CAMELS!

"GOOD SHOES AT ANY PRICE"

L. P. BEHRENS, President. A. D. WALSH, Vice Pres.
November 11 --- 1918 and 1921
On this third anniversary of Armistice Day, representatives of the nations are gathering in Washington to formulate plans to bring to the world assurance of future peace.
Fitting it is that this conference be preceded by the ceremonies at Arlington in memory of our boys who gave their lives in expectation of the fulfillment of this purpose.
Fitting also is it that the thought and prayers of all be centered on Washington, carrying inspiration for the successful working out of this great problem.
For this purpose our National Government has decreed November 11, 1921, a National Holiday and this institution was closed all day.
First National Bank of Redwood City
F. K. TOWNE, Cashier. R. E. WITEHEAD, Asst. Cashr.

MENLO PARK NEWS

The tidy sum of $100 was the proceeds of the card party given in Native Sons' Hall on Wednesday evening for the raising of funds for the playgrounds of St. Joseph's parochial school. The boys of the institution, who will now be provided with ample equipment for their grounds, wish to thank all who contributed so generously to the good cause. The amount raised was far beyond their expectations.

The moving picture show given every Friday evening at Trinity Hall for more than a year past will be discontinued for the present. This is done so that the new show house recently established by two local enterprising business men may have all the field in the movie business.

Mr. Kemp, chief cook at the base hospital, and Mr. Montey,a San Francisco chef, will open the Little Gem restaurant in the Maloney block today. They will give good service and palatable meals.

H. Doughty has about completed the erection of a modern garage on his property recently bought from J. R. Doyle on Laurel avenue. The building will cost $1,500. The work was done by Contractor Thomas Cochrane.

A vulcanizing firm from an Jose has leased a store in the Maloney block and will open it next week.

The former home of Mrs. James Logan, Sr., in the exclusive residential district of Menlo Park was raided Sunday by prohibition enforcement officers. Over $10,000 worth of moonshine liquor was seized, together with a modern still and other equipment. H. F. La Peer was arrested and taken to an Francisco, where he was released after advancing a cash bail of $1,000. Nearly a year ago Mrs. Logan sold her home to Mr. Thompson, an alleged oil operator, for $15,000. Only a portion of the money was paid at the time of the sale. He has been paying monthly installments ever since. It is now believed that Thompson is really La Peer. He purchased the choice property for the purpose of conducting his nefarious trade. The attention of the neighbors was attracted by the coming and going of heavy trucks and automobiles during the day and night. Suspicion was aroused and the prohibition officers were notified and the raid was made. La Peer or Thompson will continue with his contract with Mrs. Logan in the monthly payments for the place.

At the meeting of the board of supervisors held at Redwood City on Monday last a resolution was adopted giving authority to Supervisor John MacBain to purchase the Joseph Larkin property on the highway running back to the railroad and bounded on the south by Ravenswood avenue, for a corporation yard for the third township. The land is entirely surrounded by streets and is but 12 feet from the railroad spur track and but 40 feet from the freight station. It is an ideal spot for a corporation yard. No better site could have been selected. The lot has a frontage of 100 feet and a depth of 230. When it became known that Camp Fremont was to be located here in 1917 Mr. Larkin purchased it for $5,300, intending to erect a modern cafe. He failed to carry out his plans after learning the cantonment was not to be permanent. Mr. MacBain bought it for $1,500. Temporary structures will be erected to house all the machinery during the winter.

W. H. Humphrey, the attorney, who died in San Francisco during the week, was a brother of Edgar C. Humphrey, a former resident of this place. The attorney often visited his brother here and was well known to our people. The funeral took place on Tuesday. The list of honorary pallbearers included Chief Justice Frank M. Angelotti of the California supreme court, Justice Lucien Shaw, M. H. de Young, Rudolph Spreckels, Robert Hays Smith, Hiram Johnson, Jr., Dr. D. M. Gedge, George Forderer, F. B. outhworth of Sacramento, C. H. Oatman and Allard d'Heur.

James Leo Duff, son of Mr. and Mrs. M. F. Duff, formerly of Menlo Park but now residing in Burlingame, was united in marriage to Miss Mary Lannan at Sierra Madre, Los Angeles county, on November 1. The weding was a columination of a romance begun in college days at Stanford, where both young people were students several years ago. Mr. Duff is an overseas man, having served with the American army as a lieutenant in France. He participated in several engagements. Mr. Duff is associated with his brother in business in San Francisco. Mrs. Duff is an unusally pretty and charming young woman with a prepossessing manner that has won her a host of friends. Mr. and Mrs. Duff will be at home to their friends on November 25 at 1791 Pine street, San Francisco.

The engagement of Miss Lucille Wills, a member of the staff at the administration building at the base hospital, and F. O'Brien, secretary of the Knights of Columbus at the hospital, has been announced. The wedding will take place at the K. of C. chapel on the morning of November 24. The young couple after a brief honeymoon will reside in the Crane cottage on Laurel avenue. John O'Brien, a brother of the bride to be and also a secretary of the Knight sof Columbus, is soon to be married to one of thhe pretty young nurses of the hospital.

The William Warren School football team has been matched with the Palo Alto high school team for a practice tussle to be played on the Warren field this morning at 10. The Palo Alto boys expect a victory, as they have been winning from others all the season.

Mrs. William S. Porter, her son, Hugh Porter, and his little daughter have moved to San Francisco from Meplo Park, where they lived during the summer in the McNear house. Mrs. Porter has leased the McCutcheon house on Pacific avenue for the next three years.

Miss Inez Macondray made her debut in society Wednesday evening at a ball given by her uncle and aunt, Mr. and Mrs. Edward L. Eyre, at Century Hall, San Francisco. About 300 of the younger members of society were invited. Miss Macondray is one of the prettiest of the debutantes of this season and comes from a family distinguished in the social history of the state. She is a great granddaughter of the late Mr. and Mrs. Faxon Atherton of Menlo Park and is therefore related to the Eyres, Macondrays, Selbys and Athertons.

Everyone is going to see "The Son of Tarzan" at the Menlo Park Theater this evening. There is no other attraction in town. A full house is expected.

LIFE IS LIVELY AMONG CHICKEN COLONY PEOPLE

Considerable building activity is apparent in Runnymede this week. In addition to those started previously a bungalow is being built by the Fabers on their subdivision, a basement and rooms are being added to the Towers property, formerly the Miller place. A garage and chicken houses are being built on the property on Weeks street formerly owned by Ed Mann and a large building is under construction on the Neff place on Cooley.

The dancing club business meeting will be held Saturday evening at 8.30.

Mrs. Bert Harper's recent birthday anniversary was enjoyed by all the relatives, who met for a dinner party that evening at her home on Donahue street.

Mrs. E. Bartlett was down from Oakland for the week end.

Mr. Bennett and Miss Pond of San Jose spent Sunday at the home of Mr. and Mrs. Alfred Gravestock. Mr. Bennett and Mr. Gravestock were friends overseas during the world war.

Mr. and Mrs. E. R. Lam, accompanied by Mr. and Mrs. J. J. Pardee of Campbell, were Santa Cruz visitors for the week end.

Mrs. Ryer is a visitor in San Jose for a few weeks.

WATER RATES FIXED FOR COAST SIDE COMPANY

The state railroad commission has reached a decision as to rates to be paid to the Moss Beach Realty Company by patrons in Granada, Marine View, Marine View Beach, Marine View Civic Center, Riviera and Moss Beach. The company has only 123 patrons and the commission decided that if compensatory rates were allowed the charge would be greater than the service was worth. So this schedule was ordered put into operation:

Flat Rates—A minimum annual charge for full year, payable in advance, $18; minimum charge for six months, $12; for each additional month, $2:

Meter Rates—A minimum charge, payable in advance, entitling consumer to 300 cubic feet of water per month for six months, $12; each additional month, $1; over 300 cubic feet per month, per 100 cubic feet, 30 cents.

POINTED PARAGRAPHS

You can't "do" anybody and still be somebody—if you're found out.

It is all right to talk about not looking to the right or to the left, but if you don't look both ways somebody is going to sneak up and smash you.

If you watch your step you won't have time to watch others' missteps.

When a woman says that another woman "would be pretty, if—" the latter is pretty.

If the son is a "cut-up" the rest of the family has to cut down on expenses.

A genius who thinks he is, usually isn't.

Some men seem destined to go down life's pathway parked on the wrong side where they get the bumps of everybody else.

STAGE UPSET ON HIGHWAY WHEN BUMPED BY BRANDT

A warrant was issued by Judge Griffin on Monday for the arrest of George Brandt of San Francisco, the charge being driving an automobile while intoxicated. This was the aftermath of a collision on the highway near Five Points Monday, when one of the large stages operating between San Francisco and Santa Cruz was run into by the car owned and driven by Brandt. The stage was overturned by the collision. Pierre Larrecou, one of Redwood City's police officers, swore to the complaint that caused the issuance of the warrant.

Tamale Restaurant, 257 Main St. Home cooking, best meals 35c.

IRENE G. MECCHI,
Guardian of the persons and estates of Raymond J. Mecchi and Milton M. Mecchi, minors.

Frank J. Creede and C. Harold Caulfield, attorneys for guardian.

A SERIOUS QUESTION

Editor Times-Gazette: It is gratifying to learn that the various chambers of commerce of this county are trying to induce the Southern Pacific Company to run local and transcontinental passenger trains over the Dumbarton bridge, thus giving to homeseekers the opportunity to pass through some of the best home sites in the state. So far so good. Had this been done years ago the San Francisco population now living in Oakland, Alameda, Berkeley and in the Marin county hills would be an integral part of San Mateo county, which, geographically speaking, is the only outlet by land from the over populated area of the city and county of San Francisco. I now desire to call attention to another problem far more serious, which, under present conditions, hampers the progress of the peninsula and places the lives of our citizens in jeopardy. I have reference to the two highways leading south from San Francisco merging into one at San Bruno.

It is a well known fact that the business man as well as the working man wants, and surely deserves, a certain amount of recreation on Sunday. He owes that to himself and to his family. For that very purpose many of them have saved up a certain amount of money to purchase a family automobile. Since the week days must be given over to work, the Sunday interval is the only time that can be set aside for pleasure, but if one attempts to drive down the peninsula Sundays he is placing his own life and the lives of his family and friends in danger.

To my mind, and I take the liberty to suggest it, there should be a great boulevard leading from the Ferry building at San Francisco to San Jose, coasting the south bay as much as possible. In other words, the great highway should run from the ferry along the water front, around Hunter's Point (the space between the south side of the point to South San Francisco should be filled in), thence along the levee to the new Pacific Studios at Burlingame, thence around Coyote Point (which is planned to become a second Coney Island), thence across the lowlands of San Mateo and Belmont, thence east of the great speedway at San Carlos to Redwood City and on the same southeasterly direction to San Jose. There should also be a branch leading into each peninsula town and city. The great highway should be at least 100 feet wide, with parking spaces in the center, after the fashion of Dolores street, which, in addition to the beautifying effect, would also act as a wall separating the southbound from the northbound traffic.

This may appear a mere dream, but if the readers will ponder on the situation they will discover that such a road is necessary.

Much has been said about a second highway, but that is all. In the meantime terrible accidents may continue to occur along the congested road.

I believe the state owes this much to San Francisco; its approaches have been so limited that at present the Queen of the Pacific looks as though she has been walled in.

We speak with no uncertain tone of the rigor of the approaching winter, attended by suffering on the part of the many unemployed. Here is the chance to provide work for all and to give San Francisco more freedom of action. Think it over. The chambers of commerce should find a way to improve existing conditions and the state should not be deaf to these just appeals.

PERCY WEEKS RECOVERING

Percy Weeks, who was critically ill at Mills Memorial Hospital at San Mateo during the week, has been pronounced out of danger and will recover. He was taken to the institution suffering from an attack of pleuro pneumonia and for a few days his life was despaired of. It will be good news to his many friends throughout the county to learn of his recovery. Mr. Weeks is a son of Bert Weeks, the well known rancher and cattle man of La Honda. His son is associated with him in the business. The Weeks family are pioneers of the county.

ANNUAL MEETING

The regular annual meeting of the stockholders of Ocean Shore Land Co. will be held at the office of the company in Salada Beach, San Mateo county, California, on Tuesday, November 29, 1921, at 11 o'clock A. M., for the purpose of electing a board of directors to serve for the ensuing year and the transaction of such other business as may come before the meeting.

Stock transfer books will close on Friday, November 18, 1921 at 12 M.

THOMAS QUIGLEY,
Secretary.

Bust of Lincoln by Borglum.

-how large should a bank be?

When asked "How long should a man's legs be?", Abraham Lincoln replied: "Long enough to reach the ground".

The Bank of Italy believes that in these words of Lincoln is found the thought that answers the question "How large should a bank be?" It certainly should be large enough to meet the requirements of the people who live in the community it reaches.

The Bank of Italy is a California institution serving the important industrial and agricultural districts, through its statewide system of operation. Its growth and development should be limited only by the needs of the people of California for metropolitan banking facilities on a par with those available in the nation's great financial centers.
